

Therma-LinX Premium Self-Regulating Heating Cable

The next generation of heating cable is here! Connections that once took hours, now take only seconds. No tools required! Introducing the Therma-LinX Pre-Terminated Inter-Linkable Self-Regulating Heating Cable System. Not only is it easy to install, it is the only truly waterproof heating cable on the market. Both the cable and connectors are submersible. With a heating solution so great, one may wonder, what took so long?

- Install Your Cable in Seconds!
- No Tools Necessary
- 5 Watts/Ft (16.4 Watts/M)
- Marine-Grade Connectors Suitable to 10,000 PSI
- Easy "T" Connectors Means No More Splicing
- Easily Spiraled Around Pipes, Valves, Pumps, and Flanges
- Connectors are Not "Weak Link" as with Traditional Heating Cable
- Self-Regulating Heating Element
- Maximum Continuous Energized Exposure Temperatures of 150°F
- Maximum Continuous De-Energized Exposure Temperatures of 185°F
- An LED Light-Stick may be Installed At Any Connection Point

Save \$\$ on Labor!!

Therma-LinX Pre-Terminated Inter-Linkable Heating Cable

Cable Size	Part Number
5 foot	SX0510T-005
10 foot	SX0510T-010
20 foot	SX0510T-020
50 foot	SX0510T-050
100 foot	SX0510T-100

Power Cord

Power	Part Number
10 AWG	SK0000P-010
12 AWG	SK0000P-012
14 AWG	SK0000P-014

Components

End Connector

Part Number
SK0000E-000

LED Light-Stick

Part Number
SK0000L-001

"T" Kit

Part Number
SK0000T-000

Waterproof up to 10,000 PSI

Snaps together in seconds!
